Spring Boot, Ionic, Elasticsearch, Jira, Bitbucket, slack, Firebase, Microservices

CSFAG

Software Engineering Intern

05/2023 - 06/2023

Achievements:

- Designed the user interface using Angular, leading to a 25% increase in user satisfaction.
- Developed automatic PDF certificate generation with JasperReports, streamlining the process for over 500 certificates per month.
- Implemented back-end services with Spring Boot for training management.

Laravel, Html, Css, Bootstrap, Ajax, Jquery, Mysql

PsExpress

Software Engineering Intern

06/2022 - 08/2022

Achievements:

- Used HTML, CSS, and Bootstrap to design an attractive and responsive user interface.
- Developed features for adding, updating, and deleting products

Php, Html, Css, Bootstrap, Mysql

Arru

Web Development Intern

02/2021 - 06/2021

Achievements:

- Integrated geolocation services for managing and visualizing projects, improving tracking accuracy and enabling real-time updates for 100+ projects.
- Built Laravel modules for project and user management, improving efficiency for many users and projects.

Spring Boot, Angular, JasperReport, Github, Trello, Slack, Mysql

PROJECTS

09/2025 - 09/2025

Developed a web application for AI-powered chat and user management with conversation history.

Ollama, Vue js, Flask

10/2024 - 10/2024

Creating a personal portfolio website

React js

09/2024 - 09/2024

Design and development of a web application for employee management

Asp.net, Sql server, React js

05/2023 - 06/2023

Creation of a Library management web application

.NET, Sql server

03/2023 - 04/2023

Developed of a web application for comprehensive travel management.

Spring Boot, Angular

CERTIFICATES

- Scrum fundamentals Certification
