- Integrated geolocation services for managing and visualizing projects, improving tracking accuracy and enabling real-time updates for 100+ projects.
- Built **Laravel** modules for project and user management, improving efficiency for many users and projects.

LARAVEL, CSS, HTML

EDUCATION

M.Sc. Software Engineering

Higher Institute of Computer Science and Multimedia of Sfax

2021 - 2024

BACHELOR'S DEGREE IN BUSINESS INFORMATICS

Higher School of Digital Economy in Manouba, Tunisia.

2018 - 2021

PROJECTS

10/2025	09/2024	05/2026
Full-stack development of an expense tracking application with AI predictions	Design and development of a web application for employee management	Created a complete platform for booking and managing services that lets users display their services, make appointments, leave feedback, and keep track of their tasks and automated review sentiment analysis to enhance user experience and personalization.
Ollama, Next js	Asp.net, Sql server, React js, Docker	using a safe and easy-to-use website.
09/2025	12/2025	Spring Boot, Angular, Groq API , Llama 3.3 70B Versatile
Developed a web application for AI-powered chat and user management with conversation history.	Development of a platform that enables intelligent document analysis via a RAG architecture.	
Ollama, Vue js, Flask	Flask (API REST), Vue.js, Ollama (LLM local), RAG	
10/2024		
Creating a personal portfolio website		
React js		

SKILLS

Frontend: Angular, Ionic, React js, Bootstrap, jQuery, Html, Css,Vue js

Backend: Spring Boot, Laravel, .Net, Java,, Flask

DataBases : SQL, NoSQL, Firebase

Tools: Git, Jira, Bitbucket, Docker, Ollama

IA & NLP: Ollama, RAG

Cloud: AWS

LANGUAGES

English: Intermediate | Frensh: Advanced | Germany: Beginner | Italian: Beginner

CERTIFICAT

Scrum fundamentals Certification

AWS Certified Cloud Practitioner

IELTES Certification (B1)
